Call Process

You will be given the option to make your report in English or your own language. You will hear a recorded message in your own language explaining the call process.

The first person who speaks to you will be an English-speaking interviewer. They will bring into the conference call a translator who speaks your language to assist you in reporting your concern. This may take a few minutes, please be patient.

If you have difficulty connecting to the hotline, you may file your report online at <https://fmglobal.tnwreports.com/>
